

### **Welcome to OU Children's Physicians Neurosurgery Clinic**

We welcome you & your family to our services at OU Children's Physicians Neurosurgery Clinic. We are located in the OU Children's Physicians Building at 1200 N. Phillips Ave. on the corner of Phillips Ave. & 13<sup>th</sup> Street 7<sup>th</sup> floor Suite 7900. Enclosed are driving instructions from the various highways/expressways around the city.

Our physicians and staff are eager to make your experience here as pleasant and comfortable as possible. We are always open for suggestions and welcome your input at anytime.

Please bring your child's medical records; including lab results, growth charts and any X-ray, CT Scans or MRI films/CD's with you to the first visit. This will help the specialist greatly in caring for your child. **If you do not have the actual X-ray, CT Scans or MRI films/CD's your child's appointment will need to be rescheduled at a later date.** If you need to cancel an appointment, please call us 24 to 48 hours in advance (except in emergency situations). We always have other children waiting for appointments with our physicians.

If you have Commercial, HMO, or PPO insurance coverage, you need to be prepared to pay for their services at each visit unless special arrangements have been made with our billing office.

If your insurance coverage requires a referral before seeing specialists at OU Children's Physicians or before having a procedure at OU Children's Hospital, Please contact your primary care physician prior to your visit.

Thank you for choosing one of our many physicians to take care of child's health care needs.

Sincerely,

OU Children's Physician's Staff
